

Eternal State Policy of the DPRK

In the Democratic People's Republic of Korea children are regarded as kings of the country.

President Kim Il Sung regarded this as his lifetime motto and embodied it thoroughly. Today, his ennobling intention is being translated into reality as an eternal state policy of the DPRK under the wise leadership of the respected Comrade Kim Jong Un.

The DPRK is the one and only country in the world, which sets it as a state policy to provide the rising generation with the best things and implements it without fail, sparing nothing for their good.
