

Indicating with Outstanding Wisdom the Road Mankind Should Follow

President Kim Il Sung created the immortal Juche idea with a scientific understanding of the new era.

This idea is perfectly playing its mission and role as an ideological and spiritual driving force by ensuring organic unity between the times and ideology and propelling the times and history; herein lies his great personality.

As the immortal Juche idea, a great idea of humankind, is accepted and admired by all people and is indispensable to them, the masses, once an object of history, have ushered in a new era, the Juche era, in which they hew out their destiny at the centre of the times and history.
